Work Experience

- **Thirasara Book Shop Kalutara – Graphic Designer Internship**
As part of the NVQ Level 4 program, I completed a six-month internship where I gained hands-on experience in graphic design. I worked on real client projects, creating marketing materials, social media content, and print designs, while collaborating with design teams and applying my academic skills in a practical setting.

  Sep 2021 - Feb 2022

Skills

Languages	Databases	Frameworks	Design Platforms
JavaScript, java, HTML Kotlin, SQL, PHP, C++ CSS	MySQL Mongo DB Oracle	React, SpringBoot Tailwind CSS Mongoose	Figma, Canva Adobe Illustrator Adobe Photoshop

Project Experiences

- **Lens-Learn (SpringBoot)** - A responsive photography portfolio web application built with Spring Boot, Thymeleaf, and Bootstrap. Features user auth, photo uploads, category filtering, and AWS S3 integration for cloud storage.

  Mar 2025 - June 2025

- **Ayurwell (MERN)** - A smart Ayurvedic healthcare platform for booking doctor appointments, finding nearby specialists, and purchasing herbal products, blending traditional healing with modern convenience.

  Mar 2025 - June 2025

- **Task Management Mobile Application (Kotlin)** - Developed an Android app using Kotlin and SQLite with features like task CRUD, stopwatch-based time tracking, and reminder notifications. Focused on usability and reliable offline data storage.

  Jul 2024 - Nov 2024

- **MyToDoList-App (Kotlin)** - Built a Kotlin-based Android ToDo app focused on efficient task management. Features include task creation and editing, category-based organization, and a clean, user-friendly UI. Developed as part of a Mobile Application Development module.

  Jul 2024 - Nov 2024

- **Web Application for Peacock Corridor Holiday House (MERN)** - Developed the inventory management module of a university group project using the MERN stack (MongoDB, Express.js, React, Node.js). Implemented full CRUD functionality to track and manage resort inventory efficiently.

  Jul 2024 - Nov 2024

- **EVERPLANT (HTML)** – This e-commerce website using HTML, CSS, and JavaScript, focused on delivering a clean, user-friendly UI. Users can browse products, add items to a cart, and contact the seller directly via WhatsApp integration for orders. Prioritized visual appeal, ease of navigation, and mobile responsiveness.

  Ongoing

Education

- **Undergraduate at SLIIT** - BSc (Hons) Specialized in Information Technology   2022 - Present

- **St.John's College Panadura** - GCE Advanced Level Examination with 3 passes   2020

- **Gnanodaya National College Kalutara** – GCE Ordinary Level Examination   2017

Certifications

- Python for beginner at the University of Moratuwa

- Graphic Design NVQ L4 at the IETI Moratuwa

- Free Code Camp Certification in Relational Database - Actively self-studying.

- React Basics on Coursera platform - Actively self-studying

Communications

- I communicate clearly and concisely, and I am an active listener. I am confident in my ability to communicate in both English and Sinhala
